Please Boost the Tap

We can't do this alone. This blog provides a regular comment on matters of concern to readers. It is often described as 'lively' 'enjoyable' and 'interesting'. The Tap is run by software professionals who don't invoice their work, but who have ordinary jobs and like everyone else, need some income from time to time. If you are enjoying the Tap, you might bear this in mind and send us a little thank you occasionally. It would be greatly appreciated. We don't want to have to charge for the Tap but without the odd donation to cover hosting sadly we will have to.

Spirulina

The astonishing true story of spirulina extracts (phycocyanin) used to treat cancer tumours, and how another pigment is combined with DMSO to penetrate the skin and literally reverse cancers with permanent remission.

Learn why the FDA and ACS have been trying to bury this story for decades, and how you can apply these natural medicine solutions in your own life.

Full details in today's Brighteon Broadcast News, plus a fascinating new interview with prolific author and speaker Gregg Braden.

Joshua says:

Milk Thristle (silybum marianum) increases metabolism of liver cells and protects them from toxic injury (from excessive alcohol intake, fumes of volatile solvents, and drugs like acetaminophen and some chemotherapy agents). No available pharmaceutical products have those actions. Some medicinal herbs have uses not obtainable from chemical drugs.

[KJV 1611] Gen 1:29 And God said, Behold, I haue giuen you euery herbe bearing seede, which is vpon the face of all the earth, and euery tree, in the which is the fruit of a tree yeelding seed, to you it shall be for meat:

We are told the speed of light cannot be exceeded. What if that is wrong? What if Einstein was wrong and the theory of General Relativity is incorrect? Could that open up a whole new world of possibilities?

In May 2025 The Alternative View returns to Glastonbury where Roger Anderton will be asking those questions and putting forward an exciting new model.

Roger Anderton is from the John Chappell Natural Philosophy Society – a group that was formed on the idea that Einstein's relativity is wrong (especially special relativity is wrong). In relativity there are many paradoxes (such as twin paradox) which are really contradictions; thus the believers in relativity are talking nonsense. In trying to get this information out to the general public we have found our voice has been mostly blocked.

For first time in UK we are presenting publicly the film Einstein Wrong by David de Hilster which has been prevented from being shown at film festivals. Physics has been corrupted by relativity nonsense.

Event hosted by Gary Fraughen.
